

The New York Academy of Sciences

A WILEY DIGITAL ARCHIVES COLLECTION

Wiley Digital Archives

Founded in 1817 as the *Lyceum of Natural History in the City of New York*, the New York Academy of Sciences continues to pursue its mission of driving innovative solutions to society's challenges by advancing scientific research, education, and policy. Among the oldest scientific organizations in the United States, it has become not only an enduring cultural institution in New York, but also one of the most significant organizations in the global scientific community.

Accessible through the Wiley Digital Archives platform, the New York Academy of Sciences collection contains the vast range of original sources that have shaped two centuries of scientific progress, and represents a unique opportunity for scholars to reinvigorate their research with previously unexplored historical context.

From medical research and botanical studies to climate science and zoological research, the Wiley Digital Archives: New York Academy of Sciences collection contains an extensive body of diverse and interdisciplinary original materials, available to researchers via institutional access.
